HONDA
The Power of Dreams

More than just an SUV

Honda has always been about powering dreams and pioneering advances in better engine design, electrification and hybrid technology.

Now Honda has redreamed the joy of driving with the all-new CR-V, a spacious SUV that delivers more than any other.

This New Honda CR-V is a gamechanger that will bring more joy with every drive. At the heart of this change is e:HEV hybrid technology which is unique to Honda and which draws inspiration from the ingenuity of Mr Sochiro Honda and our renowned racing DNA.

With e:HEV you get the ease and convenience of hybrid with the trusted heritage, quality and safety of Honda. The ride is smoother and more comfortable, while the interior delivers more premium sophistication, leading edge connectivity and generosity of your family's needs.

In a different way, VTEC delivers extraordinary advances in efficiency, economy, reduced fuel consumption and exceptional vehicle performance. VTEC has always been a signature innovation and reinvents the possibilities of effortless motoring.

This New Honda CR-V boasts the best of all worlds, versatility, sophistication, more space and more performance and the promise of a more joyful driving experience.

All of which makes the new Honda CR-V more SUV than you could ever dream of.
