DYNAMIC DRIVE

Since 1997, the Honda CR-V has pioneered the SUV market in New Zealand. Redesigned for 2021 bringing the latest in dynamic design, versatility and premium features.

Our most intelligent CR-V yet for wherever you want to go.

The Redesigned CR-V boasts bold and sophisticated new styling, a more spacious and versatile premium quality interior. The now standard turbocharged engine, and host of new features and technologies for improved connectivity, comfort and convenience.

TOURING

**2WD | AWD, Fabric Seats
1.5L, DOHC VTEC, Turbo Engine
EarthDreams Direct Injection Technology**

- ◆ EarthDreams Transmission
- ◆ Eco Assist and ECON Mode
- ◆ 18" Alloy Wheels with Full Size Spare
- ◆ Halogen Projector Headlights
- ◆ Intelligent Auto Headlights
- ◆ LED Daytime Running Lights (DRL)
- ◆ Parking Sensors (front & rear)
- ◆ Electric Tailgate (with Programmable Height)
- ◆ Tailgate Spoiler
- ◆ Black Premium Fabric Interior Trim
- ◆ Smart Proximity Key with Push Button Start/Stop
- ◆ Leather Wrapped Steering Wheel
- ◆ One Touch Indicators
- ◆ Intelligent Dual Zone Digital
- ◆ Climate Control with Rear Ventilation
- ◆ Customisable Speed Alarm
- ◆ 60:40 Folding Rear Seat with ISOFIX
- ◆ Advanced Display Audio
- ◆ 7" Touch Screen
- ◆ Apple CarPlay™ 1
- ◆ Android Auto™ 2
- ◆ Inbuilt Garmin Navigation App
- ◆ Bluetooth phone and audio connectivity
- ◆ Fast Charge USB Ports (Front & 2nd Row)
- ◆ Dynamic Parking Aid
- ◆ Active Noise Cancellation (ANC)

- ◆ Lane Watch Camera
- ◆ Driver Attention Monitor
- ◆ Trailer Stability Assist
- ◆ Agile Handling Assist (AHA)
- ◆ Motion Adaptive Electric Power Steering
- ◆ Tyre Deflation Warning System (DWS)
- ◆ Emergency Stop Signal (ESS)
- ◆ Hill Start Assist (HSA)
- ◆ Adaptive Cruise Control (ACC)
- ◆ Low Speed Follow (LSF)
- ◆ Lane Keep Assist System (LKAS)
- ◆ Collision Mitigation Braking System (CMBS)
- ◆ Road Departure Mitigation (RDM)
- ◆ Lane Departure Warning (LDW) (Integrated with RDM)
- ◆ Auto High-beam Support System (HSS)

CR-V Sport Premium Shown in Ignite Red

LANEWATCH CAMERA

Honda's LaneWatch Camera is the next step in blind spot detection. When indicating left, or at the push of a button, a camera mounted under the passenger wing mirror shows a sweeping 80° view – making lane changes safer than ever.

GARMIN NAVIGATION APP

All models come standard with an inbuilt Garmin Navigation App. Satellite Navigation from Garmin means you always know the best way to go, even if you do not have an active smartphone connection.

DRIVER INFORMATION INTERFACE

A quick glance behind the steering wheel shows what's playing, who's calling and almost everything else you need to know including outside temperature, average fuel consumption, trip metre and distance to empty.

MULTI ANGLE REVERSING CAMERA

Shift into reverse and the multi angle camera automatically displays one of three rear views on the Advanced Display Audio Unit. The CR-V combines information received from parking sensors and steering, to perfectly project and display your path as dynamic guidelines overlaid on the reversing camera feed.

DRIVER ATTENTION MONITOR

Sometimes it's hard to keep your focus on the road. The clever new CR-V has your back with its Driver Attention Monitor system. Utilizing electronic & steering inputs to calculate driver awareness, the CR-V then offers four gradual visual, audible and tactile alerts to get you back on track.

AUDIO & CONNECTIVITY

ADVANCED DISPLAY AUDIO

The CR-V offers the latest in smartphone connectivity, allowing you to seamlessly integrate either Apple or Android devices with the Advanced Display Audio Unit.

Apple CarPlay™ is a smarter, safer and more fun way to use your iPhone in the car. It offers easy navigation and extensive audio and communication capabilities, all while you keep your eyes safely on the road. Use Apple's highly intelligent Siri voice assistant to get directions, make calls, send and receive messages, and select your favourite music.

Android Auto™ allows you to quickly connect your compatible smartphone for navigation, communications, music and more. By extending the Android platform in a way that's purpose built for the car, Android Auto is designed as powerful voice actions, with safety in mind.

VOICE COMMANDS

Connecting a device featuring voice commands will enable you to create a text message, find a location, even check the weather, at the touch of a steering wheel mounted button.

INTELLIGENT DUAL ZONE A/C

Clever thinking continues with the application of i-dual zone climate control across the range. The intelligent system features GPS-linked solar sensors to calculate the sun's position and automatically adjust the cabin airflow and temperature to compensate.

VERSATILITY & SPACE

Designed from the ground up, the new CR-V is larger than the previous model which means rear seat passengers will get even more room than before. Rear seats that both recline and fold on all models allow for incredible versatility.

In the 5 Seat models, simply pull the handle in the boot and the Single Motion 2nd row folds down, revealing a flat cargo area!

Our range now also features a 7 seat model – from furniture to friends your CR-V will have the perfect space to fit your load. Class leading flexibility and utility are served up in leather clad style.

UTILITY MODE

LONG MODE

7 SEAT MODEL SHOWN

UTILITY MODE

The simplest configuration - where the both rows of back seats fold down to give over 1000L of storage space from seats to ceiling. A clever adjustable boot floor allows for tiered storage and a flatter loading area.

LONG MODE

From Surf boards to washing lines, clever long mode enables the passengers seat to fold back allowing the full interior length of the CR-V to be utilized for moving those long loads - whilst still allowing space for passengers too!

5 SEAT MODE (7 SEAT MODEL ONLY)

The 3rd row seats fold down, and the 2nd row slide back to allow for a spacious cabin for 5 travellers and their luggage.

7 SEAT MODE (7 SEAT MODEL ONLY)

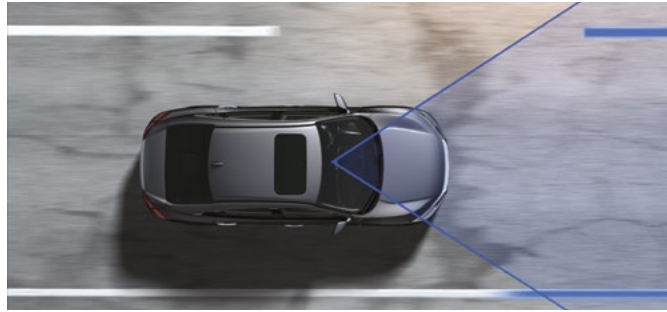

All aboard, with the 3rd row up, 7 can travel in style, or even 5 with some extra room to move. Split sliding 2nd row allows for everyone to get just the room they need.

HANDS-FREE ACCESS POWER TAILGATE*

The automatic tailgate is operated by passing your foot under the rear bumper. Perfect for when you have your hands full.

HONDA SENSING

LANE KEEP ASSIST (LKAS)

Honda's Lane Keep Assist System reduces the strain of extended driving by helping you maintain your lane position. If the vehicle begins to leave the centre of a detected lane without signalling, the steering automatically adjusts to keep you centred

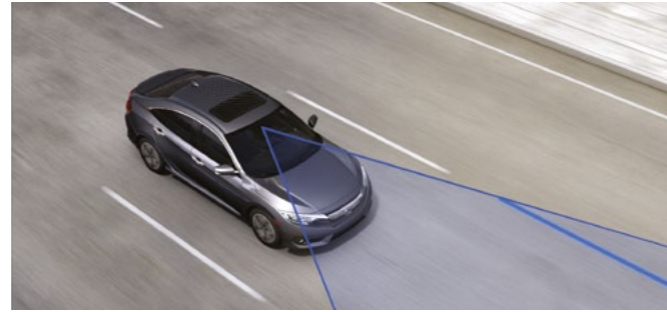

COLLISION MITIGATION BRAKING SYSTEM (CMBS)

The CR-V incorporates a millimetre wave radar sensor, that helps mitigate the severity of an unavoidable accident by automatically applying strong brake pressure when needed.

ROAD DEPARTURE MITIGATION (RDM)

The Road Departure Mitigation system works in conjunction with the Lane Departure Warning sensors to gently correct your course, via steering and braking adjustments, in the event of the vehicle leaving a detected lane.

LANE DEPARTURE WARNING (LDW)

The windshield mounted camera identifies common safety markers, like lane dividers and catseye markers, and will issue an audio alert if you are about to leave your lane without signalling.

ADAPTIVE CRUISE CONTROL (ACC)

The CR-V's onboard radar & camera sensors enable the Adaptive Cruise Control to maintain a set following interval by automatically adjusting your cruise control speed up or down when traffic is detected.

FORWARD COLLISION WARNING (FCW)

With Low Speed Follow – The CR-V's onboard radar & camera sensors enable the Adaptive Cruise Control to maintain a set following interval by automatically adjusting your cruise control speed up or down when traffic is detected.
